## COLLIS P. HUNTINGTON DIES AT HIS SUMMER HOME.

RACQUETTE LAKE, N. Y., August 14.—C. P. Huntington, president of the Southern Pacific Railway Company, died at his camp, Pine Knot, in the Adirondacks, about midnight.

### REPUBLICAN COMMITTEE IN SESSION. Dates for the Primaries to Be Set.

Officers Who are to Be Voted for at That Time.

The Republican County Central Committee met this afternoon in Judge Quinn's court. There was a full attendance of members, as also a number of party leaders, on hand.

The Committee at its meeting a week ago adjourned until this morning at 10 o'clock.

At the latter hour the members were in attendance. It was announced that the purpose of the meeting was to call conventions for the nomination of one State Senator in the Twenty-seventh Senatorial District, a Justice of the Peace for Berkeley, a Supervisor in each of the First, Fourth and Fifth Districts and two Superior Court Judges.

It was then decided to take a recess until this afternoon at 2 o'clock to admit of the preparation of such a call.

### SENATOR INGALLS VERY LOW

Telegram Says He Is Sinking Fast.

Dying in New Mexico of an Affection of the Throat.

Associated Press Dispatches by The Tribune's Special Leased Wire.

ATCHISON, Kas., Aug. 14.—Ex-United States Senator John J. Ingalls, who is in Las Vegas, N. M., for his health, is sinking rapidly, and his son, Sheffield Ingalls, today started for the bedside of his father.

A telegram from Mrs. Ingalls reached here today announcing the serious condition of Mr. Ingalls, who has been in the Southwest for over a year for a throat difficulty. It has been believed here for three months that he was fatally ill.

### FOUR STEAMER HANDS DROWNED.

Associated Press Dispatches by The Tribune's Special Leased Wire.

MEMPHIS, Tenn., Aug. 14.—Four employees of the steamer Hill City, en route from New Orleans to Memphis, were drowned this morning at Blue Point Landing, Miss. The men were engaged in repairing the wheel of the steamer when the plank gave way and they were precipitated into the river.

The dead:

R. FRESHER.  
JOHN DARGE.

A fireman of the boat, name unknown. The victims resided in St. Louis.

Enterprising Thief Arrested.

REDDING, Cal., Aug. 14.—John Moore, a young Italian, was arrested here for grand larceny at Keswick. He slashed the pockets out of the trousers of four persons and took their money. Moore hails from Sacramento. He chloroformed and robbed one man at Keswick.

### DEATH'S CALL A SUDDEN ONE.

Huntington in High Spirits a Few Hours Before He Died.

COLLIS P. HUNTINGTON.

RACQUETTE LAKE, Aug. 14.—Apparently well on retiring at 11 o'clock, Mr. Huntington was taken suddenly with a choking spell, which was quite common with him and was not thought to be serious. But he became worse. As soon as the seriousness of the attack was realized a messenger was dispatched to the neighboring camp of Governor Lounsberry for a doctor, and he was on hand in half an hour. Mr. Huntington died without gaining consciousness, not more than three-quarters of an hour having passed between the attack and his death. Mrs. Huntington and Mr. Huntington's secretary, G. E. Miles, were at his bedside at the time of his death.

Early in the day, Monday, Mr. Huntington appeared to be enjoying the best of health, walking about his preserve and taking a trip on his private steamer, and he remarked to his friends that he was feeling unusually well.

His adopted son, Archer M. Huntington, was notified at an early hour this morning and is hourly expected to join Mrs. Huntington.

After some delay the news was telegraphed to W. West Durant, who was jointly connected with Mr. Huntington in the Racquette Lake railway. Mr. Durant will contribute his boats and teams and servants towards making the final arrangements for the disposition of the body.

Mr. Huntington, wife and servants arrived at Durant on Friday, August 10th, in their private car. The steamer Onetata was awaiting their arrival at the wharf to convey them to the mountain home, Pine Knot Camp.

#### HEART DISEASE THE CAUSE OF DEATH.

SARATOGA, N. Y., Aug. 14.—Heart disease was the direct cause of Mr. Huntington's death. The remains are to be conveyed to the Huntington residence in New York. The funeral cortege is expected to start from Racquette Lake tomorrow, but it may not be able to reach New York City before Thursday. The time for the funeral has not yet been announced.

### HIS DAUGHTER IS NOTIFIED.

NEW YORK, Aug. 14.—C. P. Huntington's private secretary, J. E. Gates, received a message at his residence, the Hotel Majestic, this morning announcing the sudden death last night of the millionaire at Racquette Lake, N. Y. Mr. Gates left for Camp Pine Knot on the first early train this morning.

Friends of the Huntington family in this city sent a cablegram to London, addressed to the Princess Hatzfeldt, the adopted daughter of Mr. Huntington, announcing the death of her father.

A dispatch received from London yesterday by the Associated Press stated that the death of Mr. Huntington had been confirmed.

### ASYLUM REFUSED KRUGER.

Secretary Hay Denies His Request.

Oom Paul Asks Refuge in the American Consulate.

Associated Press Dispatches by The Tribune's Special Leased Wire.

LONDON, Aug. 14.—President Kruger made a formal application to the United States to grant him a sanctuary in case the necessity for it arose. This occurred, according to Secretary of State Reitz of the Transvaal, the day Lord Roberts entered Pretoria. The details of the event have been related to a reporter of the Associated Press by F. W. Unger, who has just returned from the Transvaal and who secured the information from Secretary Reitz and others.

After quoting the Secretary as saying that President Kruger would never take to the mountains, on account of his age, but would retreat down the line, finally escaping to Portuguese territory, Mr. Unger said that the day the British entered Pretoria, President Kruger sent for W. Stanley Hollis, the United States Consul at Lorenzo Marques, and Mr. Hollis was taken to Macadodorp in a special car. President Kruger asked him if his Government specific answer to President Kruger's asylum in the Lorenzo Marques Consulate until he (Mr. Kruger) made other arrangements for his departure. President Kruger expressed fears concerning his treatment by the Portuguese government and wished to guard against any possible British landing parties.

Mr. Hollis asked for time to consult with his Government, and President Kruger assured him that he would receive a week's notice before putting the plan into execution.

In consequence of this visit to the Transvaal and the transmission of President Kruger's request to Washington, Mr. Hollis received instructions from Secretary Hay not to leave Portuguese territory again. He was thus compelled to neglect the interests of the British prisoners at Nooit Gedacht, where there was great suffering.

Mr. Unger in conclusion said: "I make this explanation in justice to Mr. Hollis, whose action has been misunderstood in America and Great Britain." Mr. Unger did not know whether the State Department eventually gave a specific answer to President Kruger's request.

### FUNNY FEATURE OF A COLLISION.

Chinese Cook Stood on His Head in the Dinner Pot.

Associated Press Dispatches by The Tribune's Special Leased Wire.

REDDING, Cal., Aug. 14.—Yesterday afternoon at Morley Station, in Northern Shasta county, a freight train was run into an open switch and hit a mess car. The car rolled over and down a bank. The only occupant was a Chinese cook, who was not badly hurt, but stood on his head among dishes, with his head in the dinner pot, ten minutes before he was rescued. The Chinese was nearly dead with fright.

### TRIPLE FAMILY TRAGEDY IN OHIO.

Associated Press Dispatches by The Tribune's Special Leased Wire.

XENIA, Ohio, Aug. 14.—A. G. Bingham killed his wife and his son-in-law, James Bradley, and then committed suicide at Jamestown, early today. The tragedy was the result of family troubles. The parties all are prominent.

### LEGATIONS ONCE MORE UNDER FIRE.

Chinese Resume the Attack and Desecrate European Church Yard.

BERLIN, Aug. 14.—A semi-official dispatch from Tien Tsin, dated August 8th, says the Russian Colonel Woyczak has received advices from Peking announcing that during the night of July 31st the bombardment of the foreign legations was resumed and that the European churchyard was desecrated.

### DEFENSES OF CANTON BEING STRENGTHENED.

Associated Press Dispatches by The Tribune's Special Leased Wire.

LONDON, Aug. 14.—General Chaffee's message announcing his arrival August 9th at Ho Si Wu stands as the latest official intelligence of the march of the allied forces on Peking. The English papers say it is rather annoying that their naval and military officers cannot communicate with the English officials here, while Admiral Remey and General Chaffee can do so by the Shanghai-Canton wire.

Chinese reports are being distributed far and wide in the Southern provinces of alleged Chinese successes in the North.

Secret inquiries at Canton show that all the forts have been newly armed with 12-centimeter disappearing guns and that the garrisons number 18,000 men in all, armed with Mausers and Winchester. The Chinese have apparently been trying to engage a foreign electrician to lay mines in the Bogue or entrance to the Canton River.

Dr. Marks, Li Hung Chang's physician, informed the correspondents at Shanghai this morning that Li could not go north on account of the weather and the unsettled state of the country. The doctor is removing his family from Canton, because he believes there may be an outbreak there.

The St. Petersburg papers are campaigning against the political activity of Great Britain in the Yangtze Valley. The St. Petersburg Gazette has interviewed a member of the United States Embassy as to the reasons why the United States assumed a hostile attitude towards China and the motive of Li Hung Chang's declaration that Minister Conger could be sent safely to Tien Tsin on condition that the United States abandon the idea of a march on Peking. The member of the United States Embassy in question is quoted as saying the United States was indignant at this being arranged, and expressed the belief that the United States would send many troops to China.

### CHINA MUST PAY DEAR FOR MURDER OF AMERICANS.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, Aug. 14.—A high government official said today that the indemnity which the United States would demand for every American citizen killed or maimed by the Chinese during the trouble would be sufficiently comfortable to support their families for the remainder of their lives.

"This government does not want a province, a town, a village, or a single square foot of territory. There is but one indemnity which they can give our people and that is a monetary indemnity to the families of their victims. For every one of these China must pay a sufficient sum to keep their families from want during their lives. The Government will exact assurances of a satisfactory character that such a state of affairs as now exists in China shall not again occur. The nature of these assurances will be determined later. The question of indemnity may prove difficult, it may be decided, although so far the proposition has not been considered, to station warships in the harbors of the principal cities and officials within these cities to watch the revenues and protect the interests of the United States, if need be, by taking charge of such revenues and reserve some portion of them to apply to the indemnity.

"In addition to requiring assurances of a restoration of order and the strictest precautions to prevent a similar state of affairs in the future, a small body of troops may be necessary to protect the officials stationed at these ports. If this plan should be adopted the allies would doubtless co-operate. Effort will be made, of course, to trace the responsibility for the recent outrages, but it will be a difficult task, as there will be little disposition among the Chinese to tell the truth, especially when it would implicate one of their number. The Chinese cannot be punished indiscriminately for the atrocities,

### THE STRIKE SITUATION UNCHANGED

Not Working in Planing Mills.

Building Trades May All Become Involved in the Trouble.

Neither of the contending parties to the planing mill trouble has made any concessions. The mill owners assert that the situation is practically unchanged. The unqualified support given the striking millmen by the Building Trades' Council materially strengthens their position and will, they assert, force their employers to come to terms.

There is little in the outlook to encourage the mill owners, although they are putting on a bold front and proclaim that they will go out of business before they submit to having their policy dictated by their employees.

The "machinery in all the principal Oakland mills was in motion this forenoon, but the merry buzz was lacking and the song of the chips that fly was not there. There seemed to be a hollow mockery to the whole business. Not a machine was manned, no lumber was being handled, and the mills looked desolate and lonesome. Still the engines were puffing away and the machinery turning as though through force

# DEATH'S CALL A SUDDEN ONE.

(Continued From Page 4.)

Press said the Princess Hatzfeldt was scheduled to sail for the United States on board the steamer Majestic August 15th.

## STOCK MARKET UNDISTURBED

NEW YORK, Aug. 14.—Mr. Huntington's death had little effect on the general stock market. Even his own stocks, chief among which was the Southern Pacific, was hardly disturbed. Some large lots of Southern Pacific came out in the initial transactions, but they were promptly taken by banking interests known to represent the late millionaire, and as a result the price of Southern Pacific stock rallied from its one point decline. It seemed to be the general opinion of those conversant with Mr. Huntington's affairs that he had left his property in such shape as to permit of easy handling by others.

A meeting of the Southern Pacific interests and certain banking interests was held early today. The Southern Pacific road and other corporations all carry large deposits in this city and are frequently in the money market. It seemed to be the opinion of the bankers at this morning's conference that no apprehension need be felt because of Mr. Huntington's death.

Wall street estimates the fortune of Mr. Huntington at from \$40,000,000 to \$50,000,000.

Mr. Huntington at the time of his death was president and director of the Southern Pacific, president and director of the Pacific Mail Steamship Company, president and director of the Southern Pacific Railroad Company of California, director of the California Pacific Railway, director of the Galveston, Harrisburg & San Antonio Railroad Company, president and director of the Guatemala Central Railroad Company, and director also of the following:

Gulf, West Texas & Pacific Railway Co., Louisiana Western Railway, Mexican International Railway Co., Morgan's Louisiana & Texas Railroad & Steamship Co., Newport News Light & Water Co., New York, Texas & Mexican Railway Co., Old Dominion Steamship Co., Old Dominion Land Co., Oregon & California Railway Co., Western Union Telegraph Company, Puente Coal Co., and Metropolitan Trust Co. of this city.

## DEAD MAN'S FRIENDS SHOCKED

SAN FRANCISCO, Aug. 14.—The news of Collis P. Huntington's death created a great sensation in this city, where his movements, both in railroad and private life, have been watched and studied with keen interest.

There was an air of great sorrow around the offices of the Southern Pacific Company today. Expressions of regret at the

passing of the president of the company were heard on every side. Although Mr. Huntington spent most of his time in the East, he maintained a residence in this city and spent two or three months each year here.

J. C. Stubbs, second vice-president and traffic manager of the company, was deeply moved at the news of Mr. Huntington's death. Mr. Stubbs has been intimately associated with Mr. Huntington for over twenty years. Speaking of his death today, Mr. Stubbs said:

"The news of the death of Mr. Huntington is paralyzing. I can hardly believe that such a hale and hearty man has gone to the great beyond. He used to tell me that he expected to pass the century mark, and I really thought he would realize his expectations. His dominant will and keen perceptive faculties were the foundation of his success. Nothing daunted him, and to lose him now grieves me deeply."

Julius Kruttschnitt, general manager of the Southern Pacific Company, said:

"The news was a terrible shock to me. At first I thought there must be some mistake, but the confirmation of his death removes the hope that I had that the news was unfounded. I am greatly grieved. His death removes one of the greatest men in the country. It was during his last visit here that we had a talk regarding the terms of our existence, and he told me that his father had lived to reach the age of 96, and from what he said regarding his own lease of life I know that he expected to live even longer than that. I am extremely sorry that his death has come at this time, just when all his plans have been about successfully consummated."

H. E. Huntington left Houston, Tex., last night for San Francisco, but has been informed of the death of his uncle and will doubtless proceed East at once.

H. E. Huntington was Mr. Huntington's personal representative in this city, and it is thought here that he will succeed to the management of his uncle's vast possessions.

## CAREER OF HUNTINGTON.

Collis Potter Huntington was born in Huntington, Litchfield county, Connecticut, October 22, 1821. He came of stock and included among his ancestors Samuel Huntington, one of the signers of the Declaration of Independence, and the father of the Continental Congress and Governor and Chief Justice of the State of Connecticut. His father, Dr. Huntington, and Daniel Huntington, the latter an artist of ability.

Collis P. Huntington was fifth in a family of nine children. He was educated at the common schools and at the University of Michigan. He began his career in the early years of his life as a clerk in the office of a prominent merchant. Beginning as a boy merchant, at twenty-four years of age he found himself possessed of sufficient capital to establish a country store at Orono, N. Y. In September 1841 he married Miss Elizabeth Standard of Litchfield county, Connecticut. An elder brother became associated with him in a business way and the firm made a shipment of goods to this State by way of the Erie canal. He was immediately following the disposition of the cargo, young Huntington came straight for the Pacific coast. He began to labor and earn money from the time of his arrival at the isthmus of Panama, and began his coast experience in a modest way. He arrived in San Francisco in August, 1849, and at once proceeded to Sacramento from which place he made a tour of the mines. His business acumen at once informed him that there was every promise for an extensive trade and enormous profits in mine supplies so he returned to Sacramento and engaged in trade, opening a line of hardware and general supplies for miners. His simple habits and energy were of great benefit to him, and he was soon a successful merchant. Energetic, quick-sighted but cool in execution, despising nothing that had a dollar in it, he means and means to make a profit. He had saved and gained between \$50,000 and \$100,000 when he entered into partnership with Mark Hopkins with whose aid he built the first known firm of Huntington, Hopkins & Co. The firm prospered rapidly and as early as 1854 was in a commanding position in the financial circles of the West.

It was at the store on K street, Sacramento, that the embryo railroad magnates met and discussed their plans and the ways and means for carrying them out. These were Charles Crocker, dry goods dealer, Leland Stanford, provisions and groceries, Huntington, Hopkins & Co., hardware dealers and Theodore D. Judah, engineer of the Sacramento Valley Railroad. It is to Judah that the credit for the construction of railroads is due. The history of those roads is the history of the State. After the Coast Railroad Convention in San Francisco in 1859 it was Judah who went to Washington to urge action on the part of Congress. After his return from the Capital he called a railroad meeting in San Francisco, and Charles Hotel in Sacramento and made an appeal for assistance in perfecting his surveys across the Sierras which had been made by him on three previous expeditions. The response was the raising of a fund for the purpose of keeping the surveys in the field.

On the 23rd of June, 1861, the Central Pacific Railroad was organized under the general incorporation laws of the State. Leland Stanford was chosen president, C. P. Huntington vice president, Mark Hopkins treasurer, James Bailey secretary and T. D. Judah chief engineer. Crocker was one of the original subscribers. The capital stock of the company was \$8,500,000, divided into 55,000 shares of \$100 each. Huntington, Hopkins, Crocker, Stanford and Judah only subscribed for 150 shares.

That was the beginning of what is probably the greatest enterprise in the history of the United States. Judah and his officers perfected their plans while sitting on the counters and nail keys of a country hardware store. Huntington was the financial manager of the company's affairs, the negotiation of loans and the purchase and forwarding of supplies, all of which duties he successfully performed. None of the four were rich. In a memorial to Congress in 1862 the sworn statement of Leland Stanford says that the value of the property owned by the firm was \$32,500, of Charles Crocker that he was worth \$25,000, Mark Hopkins \$70,000, C. P. Huntington \$72,000 and that the firm of Huntington & Hopkins owned \$34,115.

It was that first strip of road to New Castle that all that worthy. It was more trouble to build those forty miles than the remaining thousands. At the start a construction company was formed consisting of Stanford, Hopkins, Crocker, Judah and Huntington. Each man was to furnish one-seventh of the means to build the road to Newcastle, which then were to be paid out of the proceeds of the road. But the Congressional aid was delayed. Peel became nervous and receded from his agreement after the work had been commenced, refusing to raise the \$100,000 in gold, which was worth 30 per cent premium. Huntington had been to Washington, he had an insight into the situation and was confident that the Pacific Railroad bill would be enacted. The firm then had endorsed paper to Oakes Ames for \$250,000, but Huntington went direct to Peel with a promise to buy or pay off their men. These contractors, rightly guessing there was some real cause for this arbitrary action, offered to let the company and build the railroad for themselves. Huntington was nonchalant over the offer. "All right," he replied, "I will give you two weeks to do it. But they only found one man who was likely to become the capitalist, Charles McLaughlin, and he refused. He learned that Huntington was to sell out. Huntington knew he would refuse before he gave the contractors the option. The man to never omit a detail that might militate against the success of a coup. The outcome was that Peel sold his

share, the sub-contractors returned to California, and the amended Pacific Railroad act of 1862 was passed. The act virtually made available the sum of \$99,000 of title for the construction of the road. Another strong factor in favor of the company was the fall in the price of gold and the rise of bonds which came with the decline in the price of gold. Through the subsidies granted by the State and National Government they were rendered independent. Instead of selling stock they bought bonds and they were already in the enjoyment of a good income from the completed portion of their road.

To Huntington is due the passage of the Pacific Railroad act. After the death of Judah, Huntington was left substantially on his own resources in carrying on the fight in Washington. He had a method peculiar to himself and succeeded in securing the construction of the Central Pacific to a point 150 miles east of the California boundary and increased the land grant from 6,100 to 12,000 acres per mile. In his memoirs Huntington said: "That 150 miles ought not to have gone into the hands of a man who was not a man. When I saw it I said: 'Mr. Judah, I will not let you go. When I want it out. In 1866 I went to Washington and I got a large majority of men to vote for me. I went into the gallery for votes—one head after another. I sat right there and examined the face of every man, one after another, with a glass. I saw a good judge of faces. I did not see but one man I thought would sell his vote.'"

From the passage of the amended act in 1862 to the completion of the road in 1869 is a history of the railroads of the West and a story of continued financial success. Mr. Huntington had general charge of the financial affairs of the company in the East and legislation in Washington affecting his company, and in both he was entirely successful, and the development of the Central and Southern Pacific Railway systems has been a matter of history universally known.

## CLEVELAND DECLINES THE NOMINATION.

### The Anti-Imperialists Would Run Him for President.

### Few Delegates Attending the Indianapolis Conventions.

Associated Press Dispatches by The Tribune's Special Leased Wire. INDIANAPOLIS, Aug. 14.—Delegates to the two conventions of Anti-Imperialists are arriving by every train today but still the number is not large. Massachusetts, New York and Pennsylvania are expected to send the largest delegations. Among today's arrivals were George V. Mercer of Philadelphia, who is at the head of the Philadelphia League; David D. Boherty, W. V. Johnson, Edwin Burrill Smith, Sigmund Zeisler, J. M. Mize, secretary of the American Anti-Imperialist League, and Charles M. Sturges, all of Chicago, and Henry Smith of Philadelphia. Ex-Governor Boutwell and others are expected today.

Carl Schurz is now known, will not be here and in his place a speech in German will be delivered tomorrow night by Sigmund Zeisler of Chicago.

The Nationals, who are anti-imperialists, but who are also anti-silver, anti-Bryan and anti-McKinley, whose avowed purpose in attending the meeting is to swing the Anti-Imperialist League members to support them in naming a third ticket, met this afternoon at the assembly room of the Commercial Club.

The convention was called to order by Thomas M. Osborne of Aurora, Ill., and Louis R. Ehrlich of Colorado, permanent chairman, delivered an address. There was talk of nominating Grover Cleveland for President.

Robert A. Widenmann said this morning that he had a talk with Mr. Cleveland last week and that Mr. Cleveland would not accept, on account of his health. It is claimed that one of the delegates had received a letter from Ex-President Cleveland announcing that he opposed a third ticket.

## MAJORS GETS A NEW LEASE OF LIFE.

At Salt Lake yesterday Judge Miner granted a stay of proceeding in the matter of Abe Majors who was to be shot on Friday next for the killing of Captain Brown of Ogden. The stay will operate until the Supreme Court of Utah meets in October of this year. Yesterday, in the case which is technically known as the State vs. John Morgan, a bill of exceptions was received by Clerk Palmer of the Supreme Court which had the effect referred to above.

Majors' term was in this city. He was tried and found guilty of the crime referred to in the foregoing about eighteen months ago.

**A WHITE STAR LINER ABLAZE.**  
Stirring Career of a Fire Breaks Out on the Distinguished Cymric in Mid American Ocean.

Associated Press Dispatches by The Tribune's Special Leased Wire.  
NEW YORK, Aug. 14.—Major Frederick E. Prime, an engineer officer of the United States army, who was killed in the explosion of the White Star liner Cymric, was the oldest son of Rufus Prime, a well-known merchant and scholar of this city.  
He was born in Florence, Italy, September 24, 1829, and was appointed to the West Point Military Academy from New York, being graduated in 1850, at the head of his class of forty-four.  
At the outbreak of the Civil War he was captured at Pensacola, while on his way to Fort Pickens, but obtained his freedom in time for duty as assistant engineer on the construction of the defenses of Washington. He was in the Manassas campaign in 1861, and took part in the battle of Bull Run. After this he was engaged in erecting the temporary defenses of the threatened city of Baltimore, and then became in quick succession chief engineer of the Department of Kentucky, of the Cumberland and of the Ohio.  
While in the latter command he was wounded and taken prisoner during a reconnaissance near Mill Springs, Ky., on December 5th, but was back to the army again in time to join General Grant in the spring of 1862.  
He was promoted Major for gallantry at the battle of Corinth, and Lieutenant-Colonel for gallantry during the siege of Vicksburg, and was promoted to the rank of Major in the corps of engineers June 1, 1862. He was brevetted Colonel March 12, 1865, for gallant and meritorious services during the whole war, and at the same time declined a brevet as Brigadier-General in the United States army. His later services were in connection with the improvements of the mouth of the Mississippi and the survey of Galveston harbor.

**MAY CORNER GEN. DE WET.**  
Kitchener and Methuen  
Hot on Boer Chief's Trail.  
**SITUATION IN PEKING.**  
Sir Robert Hart Does Not Consider it Desperate.

Associated Press Dispatches by The Tribune's Special Leased Wire.  
NEW YORK, Aug. 14.—A dispatch to the Tribune from London says:  
No more particulars have been published concerning the Pretoria plot to kidnap Lord Roberts, and it is now believed that it will turn out to be either a trivial affair. The more fact, as curtly announced by the commander-in-chief, that all persons concerned have already been arrested would seem to indicate that the conspiracy could not have had very wide ramifications. The probability is that it was a wild scheme set up by a knot of adventurers in Pretoria without consultation with any influential Boer leaders. Some of the newspapers which were so startled by the first reports of the conspiracy as to indulge in furious diatribes against Lord Roberts' alleged excessive leniency and moderation are a little ashamed of their own violence on second thoughts, and now point out that indiscriminate severity is not the way to pacify the Transvaal.  
De Wet is endeavoring to make his way across the country to the south of Johannesburg, but his road is barred by Smith-Dorrien in front, while both Lord Kitchener and Methuen are attacking him from the rear. There is a sanguine belief that the best of the Boer leaders may be cornered, but it is qualified by the reflection that his road to the north is apparently still open and that he may slip away in that direction.  
The retreat of General Carrington from Zeeuist to Mafeking would seem to show that the hold of the British on the western Transvaal is still very insecure. General Carrington appears to have sustained a check and to have been compelled to retire in order to wait till further reinforcements reach him from Rhodesia.

**Funeral of Baron Russell.**  
Associated Press Dispatches by The Tribune's Special Leased Wire.  
LONDON, Aug. 14.—The funeral services of Baron Russell of Killowen, Lord Chief Justice of England, took place at Brompton oratory this morning in the presence of a large congregation. Earl Russell, brother of the deceased Lord Russell, presided over the funeral. The deceased was 86 years of age. At the conclusion of the services a hearse bearing the plain oak coffin, six coaches, containing the principal mourners, proceeded by road for Ipswich, where the interment will take place. Among those present were United States Ambassador Choate, Henry White, secretary of the United States Embassy; Francis Rawlinson, representing the American Bar Association; the Right Hon. William Court Gully, speaker of the House of Commons; Lord Rosebery and many other members of the British and the medical and theatrical professions.

**FOUL PLAY FEARED FOR MISSING MAN.**  
Associated Press Dispatches by The Tribune's Special Leased Wire.  
NEW YORK, Aug. 14.—Charles R. Worth, son of a well-to-do Standard Oil Official, is missing and his parents fear he has met with foul play. The family's summer home is at Chudwick, N. J. Worth was last seen on Wednesday in Atlantic City, N. J., where he was about to take the train for this city. He wore valuable jewelry and had considerable money with him. A general alarm has been sent out from police headquarters and a systematic search is being made for him throughout the East. Worth is 35 years old.

**HUMOR AND PATHOS AT THE THEATRES.**

"A Celebrated Case" was given its initial production at the Macdonough Theatre last evening. It is a translation from the pen of D. E. B. and, like the other plays of D. E. B., it has proven a success, wherever it has been produced. It is a comedy, but with an elaborate scenery. The stage settings of the Macdonough are utilized to their full extent. Through the play there runs a thread of humor, which is well interpreted and brought out by the members of the Oakland Stock Company. Charles A. King takes the leading role in the play. His clever and witty dialogue and his acting is easy and yet very effective. E. J. Holden appears as "Lazare," the false friend of "Dennis O'Rourke," Harry Rattenbury plays the part of "Dennis O'Rourke," and Miss Ada Story and Miss Colin Taylor.

**LIPTON TO OFFER A YACHTING PRIZE.**

Associated Press Dispatches by The Tribune's Special Leased Wire.  
NEW YORK, Aug. 14.—David Parry, the American representative of Sir Thomas Lipton, was a guest recently at Station No. 3 of the New York Yacht Club, at Vauxhall, London. He was accompanied by a corps of photographers who boarded a yacht in waiting and visited the scene of the cup race between the Shamrock and the Columbia off Sandy Hook. Parry, of the course, the Hook and the Readlands were taken and forwarded to Sir Thomas Lipton in London. Sir Thomas intends to select the best of the pictures, from which an etching is to be made on a handsome loving cup. This cup is to be presented to the New York Yacht Club by the seventy-footers off Sandy Hook between September 10th and 15th.

**WILL ABOLISH THE DELEGATES.**

Associated Press Dispatches by The Tribune's Special Leased Wire.  
NEW YORK, Aug. 14.—That the board of waiting delegates would go out of existence after an existence of fifteen years was announced at the first regular meeting of the United Council of the United Trades of New York and vicinity last night. The board will wind up its affairs this week. It was further announced that next week the delegates to the United Council will organize a board of representatives to take its place. The United Council represents nearly 40,000 workers. The board of waiting delegates has conducted about a thousand strikes in Manhattan borough and has been a potent factor in labor movements in the country. Numerous unions in the Building Trades Council decline to join the new organization, the United Council. They will affiliate with the National Building Trades Council.

**NARROW ESCAPE FROM SHIPWRECK.**

Associated Press Dispatches by The Tribune's Special Leased Wire.  
NEW YORK, Aug. 14.—One hundred Portuguese passengers on the three-masted barkentine Frigate, which was wrecked off the coast of New York, yesterday evening, according to a dispatch from that place. The vessel dropped anchor off Rock Reef last night, but a heavy sea drove her perilously near the shore. Captain Oliveria signaled for help to the life-saving crew at Narragansett. A tugboat towed her out of danger to Newport. The Frigate was bound for New Bedford from the Cape Verde Islands and had been thirty-one days out.

## NEWS JOTTINGS FROM MT. EDEN.

### A Crazy Jap Creates a Panic in the Street.

MT. EDEN, Aug. 14.—One of the Japs in the force employed by A. L. Graham in picking tomatoes in one of the fields adjoining Mt. Eden created a panic on the streets last Sunday morning by becoming insane. This crowd of Japs are camped in one of the old houses of Mt. Eden, on the main street of the village, and while they were all seated under the shade trees and enjoying a peaceful Sabbath rest one of their number suddenly jumped up and gave two or three demoniacal yells, threw his hat and coat in the air and with arms flying went down the road pell-mell. People who were on their way to church and others who were on the streets sought places of safety without much ceremony, and in an instant the streets were devoid of all human beings except the crazy Jap. For a few minutes it looked as if the whole gang of Japs would stampede, as they were all nearly frightened out of their senses, but they were finally quieted down and the marshal was telephoned for and was soon on the trail of the lunatic, finally capturing and taking him to Haywards for safe keeping.

As the hunting season approaches the sportsmen of San Francisco are becoming restless and counting the days until the season shall open. Quite a number of them are looking over the grounds for desirable hunting localities, and the sight of so many ducks already on the ponds was almost an irresistible temptation. The ducks are coming in in great numbers and are very tame, seeming to understand that they are protected. The present indications are for another good season's sport for the hunters.

Herman Hesse finished this season's threshing and pulled in last week. The only work going on now in this vicinity in harvesting is the baling of hay and straw.

A good time was had at the party on the Neilsen ranch near Russell's, Saturday night, given by Mr. Nissen and Mr. Thompson to the young folks who have been assisting in the work of drying the fruit crop from that ranch.

There are a great many tomatoes being gathered and shipped to the San Francisco market from Mt. Eden. Picking began the first of last week, being a few days over a month earlier than last year. This will give the growers quite a start over the rains as compared with last year, if rains do not set in earlier than last fall.

Two young men from San Francisco on the picnic train passing through Mt. Eden Sunday got left and were compelled to walk to San Jose. The train slowed down to pass another train, and before the young men realized it was under such headway they could not catch it.

### A. O. H. SMOKER THIS EVENING.

This evening there will be a pleasant entertainment and smoker given under the auspices of Division No. 2, A. O. H., in the California Hall on Clay street, which will be attended by all the members and a number of the State officers of the order from San Francisco. Among the latter will be State President Frank Conking, State Secretary Edward Sheehan, and State Treasurer John P. Henry. The division, while entertaining its friends in this manner, will at the same time formally dedicate the new hall, of which it has just taken possession. The present hall, the division, John H. Cregan, is working earnestly to place the society on a stable foundation and is succeeding admirably. At each meeting night from four to four new members are initiated.

### Laundryman Badly Hurt.

James H. Egan of the Oakland Laundry Company, met with a serious accident Sunday afternoon while driving on the San Leandro road. A spirited horse driven by Egan took fright at a passing car and suddenly swerved to one side of the road, throwing the light, rubber-tired buggy against a telegraph pole and hurling the driver to the ground. Before the frightened animal could run any great distance it was caught by bystanders.

Egan was severely cut and bruised by his fall from the buggy. The vehicle was smashed.

### Chinese Consul to Speak.

The Chinese Consul at San Francisco will deliver an address before the ladies of the Eboli on Thursday evening next at the present headquarters of the Chinese with relation to the progress of the world.

There will be a vocal solo by Mrs. A. A. Lewis and a violin solo by Mr. Llewellyn Hughes. Members and their friends are requested to be present.

### Council Fails to Meet.

The City Council did not meet as a Committee of the Whole last night, as it had been announced that it would, because a quorum did not present itself. Those who were on hand were Rowe, Cuvelier, Taylor, Meese, and Lemmon.

## HAPPENINGS IN BERKELEY TOWN.

### A Society Stirred By a Vigorous Sermon on Bachelors.

BERKELEY, Aug. 14.—Berkeley has been stirred up by a vigorous sermon delivered Sunday morning by Rev. George B. Hatch, pastor of the First Presbyterian Church, in which he scored the bachelors of both sexes and made a fervid plea for marriage. As there are quite a number of unmarried persons of both sexes in Mr. Hatch's church, the rest of the community is wondering whom he meant.

### WARRANT OUT FOR LADY CYCLER.

BERKELEY, Aug. 14.—Another of Berkeley's fair cyclists has collided with the law. Miss Clara Cowperthwaite, daughter of William Cowperthwaite of 238 College avenue, was arrested yesterday morning by Deputy Marshal O. J. Preston for riding a bicycle on the sidewalk. She was released on promise to appear before Judge Edgar at 2 o'clock this afternoon, but failed to show up at the appointed hour. A warrant was issued, and Miss Cowperthwaite's case will come up for hearing tomorrow morning.

Marshal Lloyd said yesterday: "The riding of bicycles on the sidewalks must be stopped, and I have given my deputy instructions to arrest anyone caught violating the ordinance."

### HOT WORDS AT THE TRUSTEES' MEETING.

BERKELEY, Aug. 14.—There was a warm discussion at the meeting of the Board of Trustees of the University of California, which was held at the Hotel Redwood, on Saturday night, the 12th inst.

### THE YOUNG RABBI CHARMED HIS HEARERS.

The initial sermon of Rabbi Leon Magnes was preached in the temple synagogue, San Francisco, Saturday last made a profound impression upon all who heard it. Among these preachers were many relatives and friends from this city. The young clergyman displayed great reasoning powers and an eloquence of unusual degree. He was a hundred years ago the prophet spoke words of comfort to the children of Israel in exile, and today we find that Israel's welfare is not finished.

## DAY'S DOINGS IN ALAMEDA.

### Camping Party Has a Narrow Escape From Accident.

ALAMEDA, Aug. 14.—The families of Dr. W. K. Scott and Charles E. Hovey, that returned from La Honda, where they had been camping last week, narrowly escaped serious injury on their way home. The carriage containing Mrs. Scott and baby, Miss Dodge and Marian Hovey was driven into overhanging rocks, with a way down the mountain from Redwood City with sufficient force to sweep off the top and two seats. No one was injured beyond a shaking up.

### Transcontinental Bicyclists.

ALAMEDA, Aug. 14.—Carleton H. Wall, Isidore Gutte and Edward Carlie are preparing to leave on Saturday for a bicycle trip that they intend to continue as far as the Atlantic Coast. They will go via Ogden, Denver, Omaha, Chicago, Cleveland and Buffalo, and thence across New York State and down the Hudson. They will ride chainless bicycles, and this will be the first trip across the continent on a chainless wheel.

### George H. Morrison Dead.

ALAMEDA, Aug. 14.—George H. Morrison died yesterday at his home, 2123 Eagle avenue, of a complication of diseases. Mr. Morrison was engaged in the insurance business in San Francisco, with offices in the Phelan building and was also quite prominent in secret society circles. He was past grand chancellor of the Knights of Pythias, Past Grand Master and Past Grand Patriarch of the Odd Fellows. He left a widow, son and several daughters. The funeral will take place on Thursday under the auspices of the orders to which he belonged, and burial will be in Mountain View cemetery.

## BRANDES MAY GET A NEW TRIAL.

### Contention Sustained in Hoff Appeal Case.

The Supreme Court of the State has again decided that Albert Frederick George Verenesneckochockhoff, convicted of murdering Mrs. Mary Clute, shall have a new trial. This order was based on the fact that Judge Cook, the presiding judge, erred in charging the jury.

The cases of Mrs. Cordelia Botkin, charged with poisoning Mrs. Dunning by sending her poisoned candy to Delaware, and Albert Brandes, who is now in the County Jail in this city, under sentence of imprisonment for life for killing his daughter, are now on appeal to the Supreme Court on the same point, namely, instructions to the jury, as that upon which Hoff has been granted a new trial.

This is the second order of the kind which has been granted in Hoff's behalf. After the first order was handed down the Attorney-General, representing the lower court, got a rehearing and argued that Judge Cook had not erred in his instructions. The Supreme Court thought differently. In its decision yesterday it affirmed its first decision, reviews the case at length and still maintains that in charging a jury the Judge should deal exclusively with the law and allow the jurors to be judges of the facts, and that instructions and charges going elaborately into matters which the jury alone should deal with were infractions of the rights of the accused, being likely to make impressions upon the minds of the jury.

The prevailing opinion was written by Chief Justice Beatty and concurred in by Justices Harrison, Henshaw and Temple. Justice McFarland dissented. Justice Garoutte wrote a dissenting opinion, which was concurred in by Justice Van Dyke. Thus the court was divided by four to three. Justice Garoutte says that the second trial is ordered upon the ground that the jury was wrongfully instructed as to the law of circumstantial evidence. He regards the charge simply as too long and too analytical. He sees nothing to warrant a second trial of Hoff. Judge Cook's charge should have been taken as a whole and not by isolated sentences taken therefrom. He thinks the conclusions reached by the majority of the Justices are too technical and that justice should not be defeated upon such grounds.

### STERN DISCIPLINE FOR THE CADETS.

Associated Press Dispatches by Wire. NEW YORK, Aug. 14.—Forty cadets at the West Point Military Academy have been sentenced to the most severe punishment inflicted in the course of discipline at the institution. The penalties include shortening of furloughs, details to detached guard duty in the area, and confinement to barracks limits for long terms, which will prevent participation in "hops" and make attendance at football games out of the question.

# ACT OF THE REBELS.

Friendly Filipinos are Terrorized By the Insurgents.

Associated Press Dispatches by The Tribune's Special Leased Wire. MANILA, Sunday, Aug. 12.—Reports from the Visayas islands show that there has been increased activity among the insurgents there during the last six weeks. The American losses in the island of Panay last month were greater than in any month since the first of the year. General Mojica, in Leyte, and General Lucban, in Samar, are harassing the guerrillas, shooting into the towns during the night and ambushing the guerrillas, and then retreating upon the larger bodies. The rebels possess an ample supply of ammunition and are organized to a considerable degree. The Americans have garrisoned three towns on Samar island, two of which shelter a tenth of the original inhabitants, who suffer from continual "sniping" of the rebels from the surrounding hills. The third is without any inhabitants, the rebel posts a mile away, preventing their return to their homes. General Lucban punished the islanders who have any relations with the Americans. General Lucban has ordered the acceptance of American money for all public dues at the above rate. Several minor engagements occurred last week in Luzon. The rebels used smokeless powder, which they must necessarily have obtained by illicit means.

**TRUSTEES CONSIDER LIBRARY MATTERS.**  
An adjourned session of the Board of Library Trustees last night considered some minor changes in the detail of the exterior of the proposed new building. One was the substitution of a red band for brick on the line of the second story level. The proposed change will cost \$200, and after an exhaustive discussion the matter was referred to the attorney for an opinion as to whether the change could be made without affecting the legality of the original contract. It was decided to refer the matter to the architects, \$1,175.00, one-half of the fee of 5 per cent.

The salary of Mrs. Kline, the janitress, was increased to \$20 per month and the building committee authorized to employ a boy as messenger.

Questions considered at the previous session, whether it is more advisable to employ a substitute or lengthen the hours of the present force with proportionate increase of salary were referred to the Trustees. Armes, Laidlaw and Pendleton. Trustee Flint gave notice that at the next session he would introduce a resolution providing for the approval of the laying of the cornerstone of the new building. President Benjamin Ide Whitehead said that he would be asked to deliver the oration. The foundation will probably be ready early in November. It is probable that the matter will be closed on the next meeting. The library will be closed on September 10th and 11th.

## NEWS NOTES FROM THE SUPERIOR COURT.

Preston Crane, Benjamin Funcheson and Eli Lewelling have filed their appraisal of the estate of Camilla A. Robert P. A. Carnahan, Hazel L. Ischer, L. Clinton, E. and Augustus, Merrill K. and minors, showing a total valuation of \$13,683. Of this amount \$10,000 represents the balance of the estate of the late Camilla A. Robert P. A. Carnahan, who died on August 20th and who will move to have the same property appraised against J. A. Carnahan, who about three years ago filed a petition in insolvency, dismissed for want of prosecution. Mrs. Albertson was one of the creditors.

Judge Hall has approved the account of J. D. Smalley as receiver in the land suit of J. H. Wynn against James Lannan, T. P. Cary, W. A. Vane, and Harry Knox. The account shows receipts of \$4,407.78 and disbursements of \$3,741.85, leaving a balance of \$765.93, which was turned over to the plaintiff.

Judge Ellsworth has authorized A. P. Cathin, guardian of Arthur W. Jee, an incompetent, to execute a deed for the sale of the Pacific Salt Company, belonging to the estate. The stock is appraised at \$17,000.

The will of the late W. B. Hale was admitted to probate yesterday and letters testamentary issued to the widow, Maria S. Hale.

The will of the late Simon Silvestro was admitted to probate today and letters testamentary issued to the widow, Christina Silvestro.

The estate of Henry Grush, deceased, has been appraised at \$1,200. It consists of real property on Fifteenth near Cypress street, Oakland.

## Mrs. Kealey's Trial.

ALAMEDA, Aug. 14.—At the examination of Mrs. Kealey, which was resumed this morning before Judge Morris, Frank K. Long testified to taking trunks from the Maristany store to 232 Stockton street, San Francisco, for Mrs. Kealey, early on the morning of April 24, before the effects of the effects of Maristany's store had taken place. Witness detailed conversation between himself and Mrs. Kealey, in which Mrs. Kealey stated that Mrs. Maristany was not to return from the East. J. A. Munro, an auctioneer, sold the stock of the Maristany store. He gave or sold no stock to Mrs. Kealey.

Introduction of inventory of stock was denied. Mrs. Kealey was assisted at auction by Maristany's representative at suggestion of Munro. Had loaned Maristany money. The occasion of this loan was explained at length by Colonel Garrity, who endeavored to introduce testimony to the effect that it was made to Maristany for the purpose of getting a diamond ring out of stock which belonged to Mrs. Kealey.

Mrs. E. Hart of San Francisco was employed by Mrs. Maristany when she went East. Mrs. Kealey was at the shop every day after Mrs. Maristany left, and witness saw her take some of the goods from the store on March 10, an ulster, golf cape, cloth suit and heavier pullover. No one else was in the store.

Officer Walters was recalled and related his testimony of Wednesday, contradicting Mrs. Maristany's statements concerning finding the goods.

The trial is continued this afternoon.

# RANCHER'S WIFE IS INCARCERATED.

Husband Badly Burned in Attempting to Rescue Her.

Associated Press Dispatches by The Tribune's Special Leased Wire. AUBURN, Cal., Aug. 14.—Mrs. Henry Bosse, wife of a wealthy rancher residing two miles from this city, was burned to death in a fire which destroyed the Bosse residence last night. Mr. Bosse, who is 70 years old, was terribly burned, but will probably recover. The family, including the aged couple and a son, retired at 9 o'clock. The fire started from a defective flue in the kitchen and gained a great headway before it was discovered by the aroused sleepers. All attempts to extinguish the fire failed. Valuable papers and a few other articles were saved.

In an excited moment Mrs. Bosse rushed into a room to save an old shawl. A spring lock on the door prevented her escape and she was consumed by the flames, only the charred bones of her body being discovered afterward.

In attempting to release his wife from the room, Mr. Bosse was horribly burned about the neck and shoulders. The son, a married man whose wife is sojourning at Santa Cruz, escaped unhurt. Miss Minnie Bosse, a daughter, is also at Santa Cruz, and another daughter, Mrs. Grueler, resides at Sacramento. The destroyed residence was a costly one and was newly built.

## SITUATION IN CHINA REACHES ACUTE STAGE.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Aug. 14.—The State Department today received a dispatch from Minister Conger at Peking. It was forwarded by the Chinese authorities to Minister Vane here, who promptly communicated it by Secretary China to the State Department. Mr. Adeo, the Acting Secretary of State, immediately consulted Secretary Root. His statement was made as to the contents of the message.

It was conjectured to be a reply to the last dispatch of the State Department to make its contents public. There was an atmosphere of acute suspense in the State, War and Navy Departments throughout the early hours of the day. It is generally recognized that the condition in China is rapidly approaching a critical stage. The latest news of the American ambassador, Mr. Wade, seems probable that the word "Peking" might be flashed over the wires at any moment. The international advance guard, arguing from the progress it has made, must be by this time be close to the point on the road where China will be forced to choose between a capital unless at the last moment she chooses the part of discretion and comes to the terms already laid down by the United States and tacitly agreed to by the other powers.

Thus the officials here are momentarily feeling one of two things—either a diplomatic breakdown on the part of the Chinese, which will mean a few days more of fencing and negotiation, before an armed force is admitted to the city, or the news from General Bailew, who has encountered strong opposition at Chang Chai Wan, or Yang Chow, two of the cities in the province of Peking. Neither of these developments is regarded as quite possible.

On general principles the government looks upon this as a matter of China, a slow, grinding compliance with our demands, hedged about with as much delay as the intricacies of Oriental diplomacy can procure. At the same time, if the rapid anti-foreign element is in control in Peking, as all advisers seem to indicate, it would be very surprising if China relied on force to the last to check the advance of the internationalists.

The Chinese Minister was at the State Department today, and the meeting was comparatively lengthy interview with Acting Secretary Adeo. Both parties to the conference declared that the meeting was new to be said. This was before the morning message arrived. At the same time, the Minister said that he had no news from China, and that he was nothing new to the department. At the same time it was strongly suspected that China had made some further tentative move as a final effort to test the determination of the United States in the firm stand it already has taken.

Secretary Root said he had received nothing fresh from General Bailew and had no reason to believe that China had made any move toward peace negotiations. The fact that the Chinese government has not yet replied to the American note of August 8 makes it seem questionable whether she intends to do so. Even allowing for delays in transmission, there has been abundant time for a reply to be transmitted, and its absence is causing some remarks in the State Department. It is regarded as a serious matter that the Adeo note of August 8 and the subsequent reply of the State Department to the Chinese edict announcing the appointment of Li Hung Chang as peace envoy may be now hung up in Shanghai through fear on the part of Li Hung Chang as to the fate of his own family, who are forwarded to the imperial household.

## CHINESE ARE FLEEING BEFORE ALLIES IN PANIC.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Aug. 14.—A special dispatch from Yang Tsun, dated August 7th, reports the arrival of supplies there sufficient to last twelve days. The dispatch adds that reconnaissance shows the Chinese are demoralized and have fled toward Peking. The American signalmen are keeping the telegraph wire intact along the line of march in the face of great difficulties. About 50 per cent of the wounded are cases pronounced to be serious by the attending physicians.

## Socialist Lecture.

ALAMEDA, Aug. 14.—R. A. Dagne, Socialist candidate for Congress spoke last night in Foresters' Hall. His tirade was a statement of collection of distorted facts, such statements as one which he made that 1,500 girls and children are employed at rates of from 2 to 47 cents per day of twelve hours.

Taking this as a sample it is hardly necessary to dwell on any of the other features of his speech.

# THE REPUBLICAN PRIMARIES HAVE BEEN CALLED

Central Committee' Action Late This Afternoon.

The Republican County Central Committee met in Justice Quinn's office late this afternoon. It was decided to order county Republican primary to be held Saturday, the 25th inst. Three sets of delegates will be elected, one to nominate Superior Judge, a second to nominate Supervisors to succeed Root, Mitchell and Wells, and a third to nominate a Senator in the Twenty-seventh Senatorial district.

The delegates to the Senatorial convention will be elected by Assembly Districts. In addition fifty-five delegates to the State convention will also be elected.

The call was adopted on motion of Frank Barnett.

The delegates to the judicial convention will be fifty-five in number and will be elected in block from the six Assembly Districts.

In balloting the old Great Register will be used. The ballots for the State convention delegates will be of pink paper four by eight inches in size, and the ballots for the judicial delegates will be of white paper of the same size.

Separate tally sheets will be used for each set of delegates.

They then decided to go into executive session by a vote of 9 to 3 for the purpose of making the apportionment.

## LADY COLFERS' CONTEST DECIDED.

Associated Press Dispatches by The Tribune's Special Leased Wire. DEL MONTE, Cal., Aug. 14.—The finals in the ladies' handicap golf contest for the Henry T. Scott cup were played on the links at this place this morning. The following were the contestants, they having qualified yesterday, together with handicaps of each: Miss Mullins, scratch; Mrs. Brown, handicap 8; Miss McBean, handicap 6; Miss Hagar, handicap 2; Miss Morgan, handicap 8; Miss Wagner, handicap 5; Miss Crockett, scratch; Miss Dolber, handicap 3.

Play was strong and fast today and little of yesterday's nervousness was exhibited by the players. The contest was very close. Mrs. Gilman Brown of San Rafael finally winning by one stroke over Miss Mullins, both scratch players. Mrs. Brown's score was 99, Miss Mullins 100. Miss McBean came third with a score of 103, handicap 6.

## UNCLE SAM BARS CONSUMPTIVE JAP.

Associated Press Dispatches by The Tribune's Special Leased Wire. SAN FRANCISCO, Aug. 14.—Secretary Gage of the Treasury Department has sustained Immigration Commissioner Hart H. North and the Special Board of Inquiry in denying landing to Rev. Tamijoro Kashahara, a Japanese minister. He arrived here some weeks ago and was denied landing because he was suffering from a contagious disease, tuberculosis of the lungs. His attorneys appealed on the ground that the disease was not contagious, but the Secretary without deciding the point confirms the decision of the local immigration officials.

ALAMEDA, Aug. 14.—An address which will interest every mover in behalf of or against the new charter will be given before the Unitarian Club tomorrow night by F. W. Dohrmann, the president of the Merchants' Association and a former resident here.

Mr. Dohrmann has made an extended study of both American and European forms of city government, and by his work through the Merchants' Association is largely responsible for what few reforms the town across the bay can lay claim to.

The musical program will contain numbers by Bert Georgus and Mr. Morrissey.

# GREWSOME DISCOVERY IN ALASKA.

## Large Party of White Men Murdered By Indians.

VANCOUVER, B. C., Aug. 14.—Frederick Clem, who arrived from Adlin today, brings news of what appears to be another wholesale murder committed by the Indians of the northern wilds.

The telegraph survey party under J. B. Carron recently came upon a most ghastly find. They discovered a large, well provisioned camp, with the best arranged equipment, but deserted. It had been left apparently without a moment's notice, as everything was in its place. The theory is that the owners of the camp were murdered by Indians and their bodies taken away. The find was made about forty miles off an old trail where the Indians had been using for years. The trail goes up Pike river to old Indian mission, then down the Taku river to the inlet leading to Juneau. That was the road by which the former occupants of the camp must have come.

Twelve dead horses were almost stumbled over by the men chipping out the horses. These horses, what had been the horses were fully packed, they being most skeletons and the packs being intact. Searching further the men found a sawmill in an almost perfect state of preservation. The machinery and boiler were comparatively new and the turn-wheels and belt-looked as if they could be set in motion at a moment's notice. Around the sawmill a number of cabins were placed, which, upon being searched, were found to be well stocked with groceries. There was also a large run of logging provisions, besides a good supply of overalls, axes, saws, files, grindstones, and even the glass in most of the windows was intact. From the fact that the horses were practically skeletons it is surmised that the animals must have been dead between two and three years.

The Indians have for years been using the trail route above indicated, going down to Juneau in four or five days. There is no absolute certainty, but appearances indicate that the men who formed the abandoned settlement must have been murdered. They may, however, have lost the trail, and concluding it was useless to start out with the horses left the latter to their fate. There were slight evidences of blizzards and working on the trees, so that they may have intended to come back, but the blizzards being from moving, and the men may have taken different routes when they decided to desert the camp. The camp was in a marshy bottom, though in winter time, when the ground was frozen, horses and other animals could walk on it. If they were there in the spring the marsh might have become so boggy as to prevent them from moving, and they may have been spirited away without a moment's warning, is the mystery that so far none have been able to solve. There is no clue as to who the unfortunate people were.

# ADVANCE OF THE RELIEF COLUMN.

Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, Aug. 14.—A special to the Times-Herald from Washington says: A second dispatch corroborating the advance from General Chaffee that the relief column had arrived at Ho-Si-Wu has been received. The dispatch, which was unsigned, was directed to the Bureau of Navigation of the Navy Department and evidently was from Admiral Remey. Here is what the department made public of the dispatch:

"Advanced August 9 to Ho-Si-Wu. Chinese fled after firing few shots. No casualties."

# ANARCHISTS PLOT MCKINLEY'S DEATH.

## One of the Band Tells of a Widespread Conspiracy.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Aug. 14.—The Italian newspaper "Progresso Italo-Americano" has received a letter postmarked New York City and signed "C. Luigi Altheri, born at Ancona, emigrated in 1897." The writer declares that he was once a member of the anarchist society of Emerson, and being afraid to withdraw, learned of the plot to assassinate King Humbert. He writes:

"On May 1st of this year I was cast for the infamous enterprise. The first was Gaetano Bresci's chance for the assassination of the benighted King of Italy; the second one, Arturo Giovannelli's for the killing of President McKinley. Lots were drawn to kill the Emperor of Germany, Emperor of Austria, the President of France, Loubet."

The writer adds that on May 15th he notified the Italian Consul, Branchi, of the intention to kill King Humbert and that he also notified the Federal Government that President McKinley was to be assassinated. He explains that his conscience compels him to write the truth of the matter. Consul Branchi laughed when shown the letter.

# THERE IS NO STRIKE IN THE DIVORCE MILL.

The Alameda County divorce mill is grinding rapidly and making a good job of it in a loud and noisy manner. Three cases were passed up to the Court Commissioner this morning to take testimony and pass upon the matter of domestic violence which the contending parties have to settle.

Thomas H. Kearney of Alameda failed to answer his wife's complaint, which is taken as an admission that her allegations of cruelty are true.

George Clark could not deny his wife's allegations in her suit for divorce because he is in jail. He does not know how he is a defendant in such action.

He started for the Klondike when the gold fever first struck the country and has never been heard of since. His desertion is the charge against him.

Default of the defendant was entered in the divorce suit of Anna C. Crawford against her husband, John Crawford. Court Commissioner Babcock will hear the testimony in all the cases mentioned.

# CLAIMS BANK STOCK IS NOT ASSESSABLE.

Attorney Wood of Lloyd & Wood, representing the plaintiff in the suit of the First National Bank against Tax Collector Barber, argued before Judge Hall this morning for a judgment on the pleadings.

The bank sued for an order restraining the Tax Collector from selling the property of its stockholders, whose shares had been assessed and by reason of non-payment the shares had become a lien on their property.

The suit is a friendly action based upon similar cases recently decided in San Francisco, wherein it was held that the stock of national banks was not assessable under the law as it was in force March 1, 1900. The only claim made by the defendant is that a subsequent act of the Legislature, applying to the case at issue, was retroactive.

The motion was submitted on briefs. Judge Hall stated that he would render a decision Monday.

# WILL MINE FOR YELLOW METAL IN ALASKA.

Articles of incorporation of the Monte Cristo Gold Mining Company of Alaska have been filed with the County Clerk. The company is to be organized in the county of San Francisco, and its principal place of business is in Oakland. The capital stock is \$500,000, of which \$150,000 has been actually subscribed, the following, who are named as directors of the corporation:

Henry C. Langreher, San Francisco, \$500; L. W. Forstner, N. K. Foster, S. L. Potter, C. H. Reding, Geo. L. Holland, Geo. L. Nye, San Francisco, \$500 each.

### Suit on a Note.

Thomas Moran has filed suit against Charles S. Chamberlain, T. B. Pope, William H. E. Hart, and E. B. Dean to recover \$2417 and costs. He claims that he advanced the amount to the defendants on October 3, 1898, taking their joint note as evidence of the debt. It is alleged that no part of the principal or interest has been paid.

# GALLANTRY OF THE AMERICANS.

## Yang Tsun Captured By the Boys in Blue.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Aug. 14.—A dispatch to the World from headquarters of the allied troops in the field, Talatung, China, August 8th, via Taku, Chefoo and Shanghai, August 13th, says:

The general advance of the allied forces began this (Wednesday) morning. The order is to rush to Peking with no rest. We probably shall arrive at the gates of the Chinese capital in seven days, reaching there next Wednesday.

The Chinese are reported to have retreated straight to Peking after being driven out of Yang-Tsung on Monday.

Yang Tsung was captured by the Americans under General Chaffee. They led the allies in the forced march from Peitsang and attacked before the natives had recovered from the effects of their signal defeat the day before.

The United States regulars made a dash when they found the enemy and were soon masters of the position.

But just here a most distressing thing happened. The Americans had done their work so quickly and thoroughly that they were in the Chinese trenches before the rest of the allies knew it, and a Russian battery threw shells among the Americans through a frightful error.

The Americans' casualties are estimated at about 70, mostly among the men of the Fourteenth Infantry.

Part of the Fourteenth's losses were caused by Russian shells.

Forty per cent of the men of the Ninth Infantry were killed by the long, hard marching and the intense heat.

# THE STRIKE SITUATION UNCHANGED.

(Continued From Page 1.)

of habit if nothing more.

The millmen have watchers at all the establishments, but the strikers apparently have the situation so well in hand that the guards find little to occupy their attention.

One of the most important steps since the strike went into effect was taken yesterday afternoon when the Building Trades' Council adopted the following resolution:

"Be it moved that any mill work from any 'unfair' mill delivered on work on and after the 12th day of August shall not be permitted to be put up without the consent of the Council."

This means that if the mills manage to secure full crews of non-union men they will either be unable to find a local market for their material or, if the contractors attempt to handle it, all the unions engaged in constructive work will become involved in the strike and building operations will come to a standstill.

The mill owners assert that the action of the Trades Council does not worry them, as the bulk of their business is foreign trade. They claim that a great deal of the local business is done by small concerns, employing but three or four men each, which have never been figured to any great extent in the impending trouble.

The mill owners issued the following signed statement last night of their attitude in the controversy:

"The time seems to have arrived when the planning mill owners of the bay counties should give to the general public their reasons for the stand taken in refusing to concede to the demands of the Millmen's Union for an eight-hour day."

To ascertain the propriety of our product handled by the members of unions belonging to the Building Trades Council we have taken as a basis all the business done by our bay county mills these last six months and find the figure to be 82 per cent, leaving 18 per cent shipped foreign, material, the interior, the East and other places.

For much of this we compete with the North, the East and Middle West, where the mills are working eight or more hours and paying their men all of 20 per cent less than the wages now being paid here.

To reduce our working day by one hour means, when the fixed expenses of running a mill is considered, at least 20 per cent, which is more than enough to cut out all of our foreign business.

It has been stated and is a fact that most of the various branches in building construction here are working eight hours per day. The conditions, however, are different as between us and these branches, inasmuch as they have but local competition, while we have competition from the various localities as before mentioned.

We will say further that after using our best efforts to confer with a committee from the Millmen's Union in regard to adjusting the difference they referred us to the Building Trades Council, which evidently not knowing the conditions be-

tween employer and employee, our committee was unable to come to any adjustment of matters concerning the mill workers.

Of the 1,000 mill hands employed in the thirty-one mills in San Francisco, Alameda and Santa Clara counties, 650 men have walked out and 350 are still at work. This does not include the California Door Company, which employs 300 men, who have not struck.

THREE M

In answer to this argument the mechanics point to the fact that McManus & Gartner did not close down and do not intend to. This firm has been working its men eight hours a day for over two years and has not lost money, nor have they been forced to close down.

Bernard McManus of McManus & Gartner said: "I have not worked my men over eight hours a day for nearly two and one-half years, although the price of lumber has advanced 50 cents a thousand since then. Mill owners have not raised objections to the advance in the price of lumber and I do not see why they should object to reducing hours or increasing the wages of the men. It will mean more men hired, more wages paid out and more money spent in Oakland. This will mean an increase in the prosperity of the town, while the increase in the price of lumber will go to a few wealthy dealers."

President Charles P. Kern of the Federated Trades says: "The outlook is favorable to the men. Except McManus & Gartner none of the Oakland mills is turning out any work. The men are in perfect harmony and are prepared to hold out until their demands are granted."

E. R. Hundley of the Burnham-Standford Milling Company said yesterday: "About thirty of our men walked out Saturday night. I think eight hours is enough for the millmen to work, but I know that a mill running eight hours is simply out of the market in competition with a mill running ten hours and paying the same day's wages."

C. L. Ingler, president of the Mill Owners' Association, said: "The mill owners have no disposition to yield, simply because they can't do it. The little mills that do local work can, of course, do as they please, but the local work cuts a very small figure. Our competition is with the northern, Santa Clara Valley and Eastern mills. The Santa Clara mills run ten and more hours and pay cheap wages, and they can undersell us at our doors."

Towle & Broadwell's mill on Franklin street was the only one that did not get steam up this morning. At Ingler & Atkinson's one of the bosses was the only man engaged in the mill, although every machine was turning. The same six non-union men who were employed yesterday at Burnham-Standford Company's establishment are at work today. They are engaged piling lumber, sweeping up shavings, but none of them is attempting to make use of the humming planers or the buzzing saws. Two men are similarly engaged at the Washington street mill.

There has been no disturbance of any kind nor any indication of trouble. The strikers have not attempted to interfere with the few non-union men at work, and say that there is no immediate necessity of bothering with them.

# BOTH SIDES FIRM IN SAN FRANCISCO.

SAN FRANCISCO, Aug. 14.—The situation in the strike of the millmen in this city remains unchanged. The strikers are very orderly and seem determined to hold out. The mill owners, on the other hand, are determined not to surrender to the strikers, and a prolonged strike seems inevitable from the present outlook.

General Dward is in command of the forces left to defend Tien Tsin.

The Chinese have received reinforcements from the south. The duplicity of the southern Viceroy accounts for this. The reform of China means ruin to half a million officials.

# K. OF L. TO WAR ON THE CHINESE.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Aug. 14.—District Assembly No. 49 of the Knights of Labor propose to carry on a vigorous and Chinese exclusion act rigidly. In the meantime it is the intention to urge labor organizations to boycott all Chinese enterprises.

# RANCHER ROBBED BY HIS EMPLOYEE.

Associated Press Dispatches by The Tribune's Special Leased Wire. SAN JOSE, Cal., Aug. 14.—The officers of this county are anxiously seeking John Hillman, who is wanted for embezzling \$307. Hillman is an old-time resident of this county. For a long while he has been employed by A. Hutton, a prosperous rancher living near Campbell. On Tuesday, August 7, Hillman said he was coming to San Jose and then going to San Francisco for a visit. Hutton had several checks which he desired cashed in San Francisco and gave them to Hillman, properly endorsed. He told his trusted employee to get the money and send it to him in the shape of a draft on a local bank.

Since that date Hillman has not been seen. The sheriff and this morning a horse and cart which Hillman owned and in which he left, was recovered at Hayward. The reward offered for his arrest. He is 35 years old, six feet tall and a Scandinavian with a limp in his walk.

# PHILIPPINE VETERANS IN BIG PARADE.

Cheering Thousands Throng Denver's Streets.

Loving Greeting Sent to Gen. MacArthur By His Old Comrades.

Associated Press Dispatches by The Tribune's Special Leased Wire. DENVER, Col., Aug. 14.—Today's celebration by the Society of the Army of the Philippines, the organization of which will be perfected at the veterans' reunion which is being held today, began with a parade in which the Grand Army of the Republic, Confederate Veterans, Spanish-American war veterans, Army of the Philippines, and the National Guard of Colorado took part. The members of the Army of the Philippines, of whom there were about a thousand in line, wore khaki uniforms, campaign hats and leggings. Groups of spectators crowded the sidewalks along the line of march and cheered the veterans. Generals Francis V. Greene, Owen Summers and Irving Hale received especially hearty greetings. At 11 o'clock a reception in honor of the veterans was given by Governor and Mrs. Thomas at their residence.

The business meeting was resumed at noon. On motion of the chairman, Gen. Greene, it was voted to send to General MacArthur, in the Philippines the following message:

"Your former comrades in the Army of the Philippines, assembled in Denver, on the anniversary of the capture of Manila, send you their loving greetings and best wishes for your continued success, health and safe return."

# HIMES' POISONING RECALLS TRAGEDY.

Associated Press Dispatches by The Tribune's Special Leased Wire. SAN JOSE, Aug. 14.—The poisoning of ranches Himes near Fresno recalls a tragedy here. In the summer of 1897 rancher Schofield was shot and killed at his home in the hills on the Tamasopo. The murder created a great sensation, and eventually Dan Dutcher, a hired boy 19 years of age, was charged with the murder. On the trial of Dutcher he stated that he shot Schofield to save the life of Mrs. Schofield. The regular soldier was charged with the murder. The murder was represented as a tragedy when drinking, and had attacked his household. The defendant was cleared by the jury and all charges dismissed.

Yesterday afternoon Mrs. Schofield came to San Jose on her way to Fresno. Rancher Himes, who was poisoned there, was in the city. The woman is now living near Sequel in Santa Cruz county.

# YUKON MURDERER WILL BE HANGED.

Associated Press Dispatches by The Tribune's Special Leased Wire. SEATTLE, Wash., Aug. 14.—A special from Dawson, dated August 2, says: Alexander King has been adjudged guilty of the murder of Herbert Davenport of Portland, Ore., and sentenced to be hanged October 2.

The murderer confessed to his crime. Davenport was freighting goods belonging to King down the Yukon to Dawson and kept on striking on sandbars. King told him if this happened any more he would kill him.

Of course the scow struck another bar. King coolly drew his revolver and emptied it into Davenport's body, killing him instantly. There were no witnesses to the crime, but circumstantial evidence was too much for the murderer.
